## ADVENTURES FOR THE CURES

When three young men set off to cross the United States on single-speed, fixed-gear bicycles, the physical challenge itself is incredibly daunting. But these are not just three tough guys; they ride to raise money and awareness for diabetes and to help disabled Kenyan kids. The film focuses on Adam, himself a Type-1 diabetic who has to manage his illness while riding up to 150 miles a day. And it tells the touching stories of two diabetic children the group meets along the way, and how they change the men's lives. But the ride has its comical and adventurous side too. Film and program/Q&A apx. 2 hours. Unrated. Presented by the American Diabetes Association and the Bicycle Commuters of Anchorage in association with the Winter Bike Fest.

## JACK AND JILL

Family guy Jack Sadelstein (Adam Sandler) prepares for the annual event he dreads: the

Thanksgiving visit of his twin sister, the needy and passive-aggressive Jill, who then refuses to leave. (1:44) **PG** for crude material including suggestive references, language and comic violence

## MARGARET

Margaret centers on a 17-year-old New York City high-school student who feels certain that she inadvertently played a role in a traffic accident that has claimed a woman's life. In her attempts to set things right she meets with opposition at every step. Torn apart with frustration, she begins emotionally brutalizing her family, her friends, her teachers, and most of all, herself. She has been confronted quite unexpectedly with a basic truth: that her youthful ideals are on a collision course against the realities and compromises of the adult world. (2:39) **R, Restricted** for strong language, sexuality, some drug use and disturbing images

## HAPPY FEET TWO

The sequel to the Academy Award-winning animated smash hit, Happy Feet 2 returns audiences to the magnificent landscape of

Antarctica, reuniting us with the world's most famous tap-dancing penguin, Mumble (Elijah Wood), the love of his life, Gloria (Alicia Moore {Pink}) and their old friends Ramon and Lovelace (Robin Williams). (1:50) **PG** for some rude humor and mild peril. (Digital 3D surcharge applies)

It's tempting to watch **If a Tree Falls** doc about a scraggly group of ecoterrorists with a chip of skepticism on your shoulder. Yet the film creates a fantastic moral ambivalence. It was

shot after the members of the Earth Liberation Front were arrested by the FBI, and it allows them to explain how, and why, they committed over 100 "actions" of arson against timber companies, SUV dealerships, and slaughterhouses, mostly in the Northeast. The film sweeps us up like a thriller, forcing us to at least ask whether terrorism like the ELF's (which targeted property, never human lives) might ever be justified. **A** -Owen Gleiberman, *Entertainment Weekly*. (1:35) Not rated, some strong language.

\*Free admission to SuperBowl First Come First Serve subject to capacity

## Disney THE MUPPETS

Family musical comedy about three friends who help Kermit reunite the Muppets in order to save the theatre where they once performed. (2:00) **PG** for mild crude humor.

## the twilight saga breaking dawn part I

The astonishing, highly anticipated next chapter in the series, *The Twilight Saga: Breaking Dawn*, illuminates the secrets and mysteries of this spellbinding romantic epic that has entranced millions. The Quileutes close in on expecting parents Edward and Bella, whose unborn child poses a threat to the Wolf Pack and the towns people of Forks. (2:07) **PG13** for disturbing images, violence, sexuality/partial nudity and some thematic elements.
